

## ***Beach Naturalists***

### **Explore, learn & share seashore wonders on our area's best beaches!**

Each spring, long-time locals and new-comers alike enjoy this free training for its in-depth classes and field trips seeking out fascinating sea-life revealed at low tide.

Participants then volunteer on three or more dates at Birch Bay State Park, Larrabee State Park and Semiahmoo Park. We help visitors from near and far explore and enjoy these wonderful beaches while teaching ways to reduce impact on our treasured shoreline.

### **See reverse side for 2008 dates**

To sign up or for more information please contact Doug Stark at 733-8307 or [dougs@re-sources.org](mailto:dougs@re-sources.org)
