Name _____

YOUNG WATER STEWARDS

Post-Survey: What is a Watershed?

1) What is a watershed? Briefly define the term. (If you are unsure, you can write, "I don't know.")

2) In the box below, draw a watershed and label as many parts as you can.

3) List two ways that human land uses impact water quality. If you are unsure, you can write, "I don't know."

4) Label the following water pollutants as either nonpoint source or point source pollution. Write "NP" for Nonpoint source and "P" for Point source. (If you are unsure, write "IDK.")

_____ Industrial facility waste

_____ Stormwater runoff

_____ Excess nutrients from a farm

_____ Garbage/ Litter

5. Rank your responses to the following on a scale of 1-5.

	Strongly Disagree		Neutral		Strongly Agree
Participating in the Young Water Stewards program improved my understanding of my local watershed	1	2	3	4	5
The Young Water Stewards program increased my understanding of stewardship activities	1	2	3	4	5
I plan to take actions to protect the health of my watershed	1	2	3	4	5
The Young Water Stewards program increased my interest in a science-based career	1	2	3	4	5
I enjoyed participating in the Young Water Stewards program	1	2	3	4	5

6. What did you like best about the program? Describe why.
