	SJM 8004	Requesting various entities assist state and local governments in Washington with monitoring and mitigating PFAS contamination of surface water and groundwater.	Muzzall, Rolfe, Billig, Holy, Lovelett, Mulet, Salomon, Warrick	1/26: Public hearing in the Senate Committee on Environment, Energy & Technology at 10:30 AM.	Protecting the Salish Sea & Freshwater Restoration	Per- and polyfluoroalkyl substances, also known as PFAS, persist in the environment for long periods of time. These chemicals are linked to health problems in people and animals. Firefighting foam with PFAS has been found in drinking water wells near naval air stations. This Joint Memorial (SJM) calls on the federal government to coordinate with the state and assist in monitoring and mitigating PFAS pollution in waterways. 	SB 5373	Concerning carbon pollution. (Washington STRONG Act)	Lovelett, Saldaña, Salomon, Wellman, Das, Hunt, Wilson, C., Stanford, Pedersen, Dhingra, Frockt, Nguyen	3/4 public hearing held in the Senate Committee on Environment, Energy & Technology	Climate Action & Thriving Communities	Known as the WA Strong Act. This bill would create dedicated revenue the state can use to issue bonds against, which would create immediate funding to start shovel-ready projects to support clean energy production and reduce greenhouse gas emissions. The bill is structured to ensure these investments are made in economically distressed areas that have been hit hardest by the pandemic, particularly rural areas and other communities badly in need of climate-conscious renovations to their schools, hospitals, and other public services. <i>Below are other environmental bills.</i>									
Bill #	Title/Description	Sponsors	Status	Position	Brief Description	Priority			
SSB 5330	Regarding commercial whale-watching licenses.	Van De Wege, Salomon, Warnick, Wilson, C.	2/42: Passed to Rules Committee for second reading.	Oppose	Changes the definition of commercial whale-watching to only Southern Resident orcas to circumvent permits needed to view whales.	Medium			
SHB 1067	Clarifying the meaning of the term "enjoyment of life and property" within the clean air act.	Pollet, Valdez	2/45: Rules Committee	Support	Provides that, within the Clean Air Act's definition of "air pollutant," the term "enjoyment of life and property" may include a person's use or enjoyment of a public park, public recreational facility or trail, or publicly owned commons of any municipal government or state agency.	Medium			
1125	Incentivizing investment in energy conservation and efficiency measures and expanding opportunities for energy rate discounts to, among other objectives, reduce the energy burden of low income customers and vulnerable populations.	Shewmake, Fitzgibbon	1/29: Executive session scheduled, but no action was taken in the House Committee on Environment & Energy at 10:00 AM.	Support	Requires utilities to invest in energy efficiency in rental housing and discounts to low income households as utilities transition to carbon neutral and carbon free energy sources.	Medium			
1132	Concerning the protection of water supply for farming and rural economic development.	Kretz, Chapman	1/20: Public hearing in the House Committee on Rural Development, Agriculture & Natural Resources at 10:00 AM.	Oppose	Changes the relinquishment provision (use it or lose it) of the state water code to allow for more exemptions. This will result in decreased streamflows in the summer for salmon.	Medium			
2SHB 1139	Taking action to address lead in drinking water.	Pollet, Callan	4/11: Third reading, passed; yeas, 48; nays, 0; absent, 0; excused, 1	Support	Requires testing for lead in every school. Action plans are required for lead exceeding 5 ppb (the current standard is 20 ppb).	Medium			
SHB 1184	Concerning risk-based water quality standards for on-site nonpotable water systems.	Duerr, Ramel	4/11: Third reading, passed; yeas, 48; nays, 0; absent, 0; excused, 1	Support	Requires the Department of Health to adopt rules for risk-based water quality standards for the on-site treatment and reuse of nonpotable alternative water sources for nonpotable end uses (grey water).	Medium			
SHB 1204	Concerning the electrification of transportation.	Chopp, Macri	2/22: Rules Committee	Support	Requires all electric vehicles by 2030 and establishes a plan to accommodate these vehicles.	Medium			
E2SHB 1216	Concerning urban and community forestry.	Ramos, Callan	4/9: Third reading, passed; yeas, 45; nays, 3; absent, 1; excused, 0.	Support	Updates DNR's Urban and Community Forestry tree inventory, sets priority regions for urban and community forestry programs based on health disparity mapping and salmon recovery needs.	Medium			
1233	Concerning limited areas of more-intensive rural development	Barkis, Griffey, Eslick	2/45: Referred to Appropriations.	Oppose	Allows for Limited Areas of More-Intense Rural Development (LAMIRD) to expand boundaries. This encourages urban sprawl.	Medium			
1290	Concerning greenhouse gas emissions reductions in the design of public facilities.	Ramel, Duerr, Bateman, Fitzgibbon, Berry, Peterson, Goodman, Hackney, Frame, Macri, Pollet, Harris, Talley	3/24: Passed to Rules Committee for second reading.	Support	Declares a policy of the state to ensure greenhouse gas emissions reduction practices are included in the design of major public buildings. Requires life cycle cost analysis guidelines developed by the Department of Enterprise Services for public facilities to include provisions that identify all electric energy systems as a system alternative.	Medium	Floor—ready		
2SHB 1287	Concerning preparedness for a zero emissions transportation future.	Ramel, Hackney, Bateman, Fitzgibbon, Berry, Goodman, Santos, Kloba, Macri, Bergquist, Ormsby, Pollet	4/10: Third reading, passed; yeas, 25; nays, 23; absent, 0; excused, 1.	Support	This bill would direct utilities to plan for increased vehicle charging demand, amend the building code to require new construction to accommodate vehicle charging, and create publicly available information on vehicle charging sites.	Medium			
5060	Concerning the preservation of water rights for farmland and economic development.	Short	No hearing scheduled.	Oppose	Changes the relinquishment provision (use it or lose it) of the state water code to allow for more exemptions. This will result in decreased streamflows in the summer for salmon.	Medium			
5087	Concerning risk-based water quality standards for on-site nonpotable water systems.	Hasegawa, Wilson, C.	No hearing scheduled.	Support	Requires the Department of Health to adopt rules for risk-based water quality standards for the on-site treatment and reuse of nonpotable alternative water sources for nonpotable end uses (grey water).	Medium			
5145	Concerning the prevention of seabed mining of hard minerals.	Van De Wege	4/11: Third reading, passed; yeas, 96; nays, 2; absent, 0; excused, 0	Support	Prohibits seabed mining in Washington's marine waters.	Medium			
5244	Encouraging the production of advanced nuclear reactors, small modular reactors, and components through the invest in Washington act	Brown, Dozier, Holy, Mullet, Muzzall, Short	1/28: Public hearing in the Senate Committee on Environment, Energy & Technology at 10:30 AM.	Oppose	Extends tax deferrals to small modular reactors and advanced nuclear reactors.	Medium			
SSB 5273	Concerning the replacement of shoreline armoring.	Salomon, Rolfes, Pedersen	3/28: Third reading, passed; yeas, 57; nays, 40; absent, 0; excused, 1	Support	Requires a person replacing a marine bulkhead to use the least impacting technically feasible bank protection alternative for the protection of fish life.	Medium

	1242	Promoting the fair servicing and repair of digital electronic products to increase access to appropriate and affordable digital products, support small businesses and jobs, and enhance digital connectivity in Washington state.	Gregerson, Taylor, Peterson, Kloba, Johnson, J., Davis, Ortiz-Self, Ormsby, Simmons, Chase, Shewmake, Bergquist, Sells, Callan, Riccelli, Macri, Ramel, Paul, Frame, Harris-Talley	2/45: Executive session scheduled, but no action was taken in the House Committee on Consumer Protection & Business at 10:00 AM	Support	Right to Repair Act. Requires original manufacturers of digital electronic products to: (1) make available to owners and independent repair providers certain information, equipment, parts, and tools on fair and reasonable terms, and meet other right to repair requirements; or (2) provide a training program and allow any licensed Washington business to obtain certification as a "manufacturer certified repair facility".	Medium							
	E2SHB 1220	Supporting emergency shelters and housing through local planning and development regulations.	Peterson, Macri, Bateman, Ryu, Lekanoff, Fitzgibbon, Kloba, Davis, Lovick, Santos, Ortiz-Self, Simmons, Berg, Hackney, Chopp, Tharinger and Frame.	4/10: Third reading, passed; yeas, 25; nays, 24; absent, 0; excused, 0.	Support	Part of the Washington Can't Wait Campaign. Requires jurisdictions to address moderate, low, very low, and extremely low-income housing in the housing element of the comprehensive plan. Requires jurisdictions to address racially disparate impacts and displacement in the housing element of the comprehensive plan.	Medium							
	E2SHB 1050	Reducing greenhouse gas emissions from fluorinated gases.	Fitzgibbon	4/7: Third reading, passed; yeas, 30; nays, 19; absent, 0; excused, 0.	Support	Sets standards, reduces leaks, and sets procurement guidelines to reduce emissions from potent fluorinated gases	Low							
	1063	Delaying the implementation of restrictions on carryout bags.	Peterson, Dye	1/26: Rules Committee	Neutral	Delays the implementation of restrictions on retail establishment carryout bags until July 1, 2021. This delay is happening due to COVID-19.	Low							
	SHB 1114	Encouraging utility mitigation of urban heat island effects.	Dye	4/5: Delivered to Governor.	Support	Creates a tree planting program for municipal utilities to address the urban heat island effect and improve energy efficiency.	Low							
	1130	Concerning consumer affordability and reliability in energy supply.	Dye, Klieker	1/22: Public hearing in the House Committee on Environment & Energy at 10:00 AM.	Oppose	Eliminates assistance targets for high-energy use households under Clean Energy Transformation Act (CETA or 100% Clean Utilities)	Low							
	1144	Concerning standing before the growth management hearings board.	Hoff, Vick	1/27: Public hearing in the House Committee on Local Government at 10:00 AM.	Oppose	Removes the ability of organizations or people to appeal a comprehensive plan to the Growth Management Hearings Board if they do not have property in the County or City.	Low							
	1147	Creating the Washington state office of resiliency.	Ryu, Klippert	2/42: Referred to Appropriations	Support	Creates a new Office of Resiliency within the office of the Governor to better coordinate for natural hazards, pandemic, climate change impacts, and so on.	Low							
	1167	Increasing housing supply through the growth management act and housing density tax incentives for local governments.	Bateman, Gilday	2/49: Executive session scheduled, but no action was taken in the House Committee on Finance at 9:00 AM.	Support	Authorizes counties and cities to establish a real estate excise tax density incentive zone within urban growth areas. Requires urban densities within urban growth areas to include at least six net dwelling units per acre for areas zoned for housing	Low							
	2SHB 1168	Concerning long-term forest health and the reduction of wildfire dangers.	Springer, Kretz	4/9: Third reading, passed; yeas, 49; nays, 0; absent, 0; excused, 0	Support	Creates a wildfire response account, directs DNR to develop a mapping tool for forest health, and specifies how DNR must coordinate with other agencies in wildfire response and preparedness.	Low							
	SHB 1193	Affirming the process for disposing of dredged materials for federal navigation channel maintenance and improvement.	Hoff	4/3: Third reading, passed; yeas, 47; nays, 0; absent, 0; excused, 2	Neutral	UPDATE: The bill has been amended to clarify the steps needed to dredge federal navigable waterways under NEPA, SEPA, and the Clean Water Act. ORIGINAL: Creates an exemption for dredging and disposal under the Shoreline Management Act. This is unnecessary as there was recently a bill to streamline dredging and disposal permitting.	Low							
	1241	Concerning salmon safe communities.	Dye	2/42: Scheduled for public hearing in the House Committee on Environment & Energy at 10:00 AM (Subject to change).	Support	Attempts to address the urban heat island effect through the NPDES stormwater permit.	Low							
	E2SHB 1382	Streamlining the environmental permitting process for salmon recovery projects.	Tharinger, Dolan, Fitzgibbon, Wylie, Hackney, Callan	4/7: Third reading, passed; yeas, 49; nays, 0; absent, 0; excused, 0	Support	Creates a pilot program for streamlining of permits for salmon recovery projects.	Low							
	1385	Limiting transfers of water rights out of their original water resource inventory area.	Goehner, Steele, Chandler, Dent, Pollet	No hearing scheduled.	Support	Restricts water rights from being transferred downstream out of some watersheds.	Low							
	6042	Concerning the effective date of certain actions taken under the growth management act.	Salomon, Billig	2/22: 2nd reading	Support	Delays actions in a comprehensive plan update (such as designating farmland to development, expanding urban growth areas, etc.) if that comp plan is currently being appealed.	Low
